2. I have requested Col. White to coordinate with this office the letter to the House Appropriations Committee regarding IBM machines and electric typewriters. Col. White has indicated he sees no reason to coordinate such letter, which will be given to me when signed. It has been agreed, however, to forward a letter directly to the Committee and not to request any exceptions for CIA in connection with these particular requested reports.

3. I called upon Congressman Judd to offer him a full CIA briefing prior to his departure to the Far East. He was very pleased to have the offer and understands that it will be restricted to him and not to the members of his Subcommittee. The time has been set at 0900 on Saturday, 24 October, in the DCI's conference room. A copy of his itinerary is being furnished to DD/P and DD/I, and attention is also invited to one or two memoranda being prepared regarding this conversation.
